ABOUT DIPSAR:

Delhi Institute of Pharmaceutical Sciences and Research (DIPSAR), is constituent college of the first Pharmacy University of India, Delhi Pharmaceutical Sciences and Research University (DPSRU). DIPSAR is a State of the Art Pharmacy Institute with legacy of more than 55 years since 1964. The NIRF ranking of DIPSAR is 25 for academic year 2019-20. This premier Institute is preserving its heritage of high standards in teaching and research, producing top class pharmaceutical scientists & pharmacists.

FROM THE DESK OF VICE CHANCELLOR

Welcome for the Feast of Pharmaceutical Sciences

DPSRU, the first Pharmacy University of India and third in the world takes pride to have XXXIV QIP program at the Nodal Center of Quality Improvement Program of All India Council of Technical Education being organized by the premier institute of the country popularly known as DIPSAR. This is the only place where over such 30 programs have been conducted without any break in over last 15 years. Utmost care is taken in selection of speakers.

My compliments to the organizing team. I am sure the faculty participants from various parts of country will be greatly benefited.

Prof. Ramesh K. Goyal

Vice Chancellor, DPSRU, New Delhi

FROM THE DESK OF DIRECTOR

Dear Delegates/Fellow Professionals

It is my privilege to welcome fellow pharmacy teachers of AICTE approved Pharmacy Colleges for AICTE sponsored, one week online quality improvement program at DIPSAR, a premier Pharmaceutical Education and Research Institution. The Institute is known for its high academic standards in teaching and research in various facets of Pharmaceutical Education.

The alumni of the Institute are working as top class pharmaceutical professionals contributing significantly towards the development of Indian pharmaceutical industry and health care system of the country. The students have the opportunity to work in specialized laboratories of each department which boast of highly sophisticated instruments for post graduate and Ph.D studies in addition to the basic facilities for practical training of undergraduate students. The institute has well established research laboratories in the areas of Ocular Pharmacology, Indian system of Medicine, Phytochemistry, Synthetic Medicinal Chemistry, Novel Drug Delivery Systems, Drug Design & Development etc. The institute has a rich library facility. We have impressive placement history. I take this opportunity to invite the faculty members from all over the country to enhance their knowledge and skills.

Prof. D.P. Pathak

Director, DIPSAR

Principal QIP Coordinator

ABOUT THE PROGRAM

The aim of the program is to provide insight to the fellow pharmacy teachers about the recent developments in various facets of the healthcare profession, The topics planned for QIP are - Entrepreneurship, Managerial skills, Pedagogy, soft skills, separation techniques, Interpretation of analytical data, Bio-statistics, IPR, DRA, Health Economics, Pharmacovigilance, Scientific/Medical writing etc. Thus the program would benefit each participant in a unique way.
