## FROM THE DESK OF DIRECTOR

### Dear Delegates / Fellow Professionals,

It is my privilege to welcome fellow pharmacy teachers of Pharmacy Council of India approved Pharmacy colleges for first 3 days CEP from 25th Sept. - 27th Sept. 2018 at DIPSAR, a premier Pharmaceutical Education and Research Institution. The Institute is known for its high academic standards in teaching and research in various facets of Pharmaceutical Education. The alumni of the Institute have reached on top position in the Industry, academia and research and significantly contributing towards the development of Indian pharmaceutical industry and health care system of the country in turn. We are proud of the alumni who are successful entrepreneur in the field of pharmacy. The institute has well equipped laboratories with sophisticated instruments for inculcating quality pharmacy education at diploma, degree, post graduation and doctoral level. The research laboratories are in the areas of Ocular Pharmacology, Indian system of Medicine, Phyto-chemistry, Synthetic Medicinal Chemistry, Novel Drug Delivery Systems and Drug Design and Development etc. Our students are well placed in various pharmaceutical industries across the country and we have 100% placement in well known industrial houses. It is the pleasure of DIPSAR to invite faculty members from India for the first CEP sponsored by PCI. I assure that knowledge enrichment will occur by the end of the programme.

**Prof. D.P. Pathak**  
Director, DIPSAR

## ABOUT PCI

The pharmacy education and profession in India is regulated by PCI which is statutory governing body as per the provisions of Pharmacy Act 1948. The PCI is striving hard for excellence in the field of pharmacy by regulating the pharmacy education at diploma, degree and Post-graduation level. To ensure that Pharmacy teachers remain updated with current trends in Pharmaceutical Sciences, it has come up with Continuing Education Programme for teachers across the length and breadth of India.
